FIG. 3 is a schematic diagram of a circular device 100. The device 100 is represented by a large circle. Inside the device 100, there are four elongated, pill-shaped components labeled 102, 104, 106, and 108, which are arranged in a circular pattern. A small circular component labeled 110 is located in the center of the device 100. Arrows point from the labels 100, 102, 104, 106, 108, and 110 to their respective components.
